

SUBJECT: Fwd: Scheduling LifeWise Meeting
FROM: chris moore chrisbrittnee@hotmail.com
TO: Chris Boso cab0722@swcsd.us
DATE: 11/30/2022 22:27

This is the email from the people starting the SWCS Life Wise Academy

Checkout the things they do on Website

If you know of anyone that wants to be any part of the 10 steps to make this happen, let me know

One of my friends just bought a church in Darbydale near the school so I will talk to them plus Victorious Living to do Richard Ave or Monterey elementary and maybe Naz for JC Sommer

So we need to get a school plus a Church plus transportation plus parents signatures to release the kids for an hour, plus people to teach at the churches plus publicity, etc

But Life Wise Academy has all the protocol and what order to go forward Okay teaching materials and forms etc

Subject: Scheduling LifeWise Meeting

4/11/24, 8 04 AM

Hey Everyone!

Thank you again for applying to be a part of the LifeWise Steering Committee for South-Western City Schools.

Would you please take a moment to respond to the following [scheduling survey](#) to let me know your availability?

I also wanted to provide you with a couple resources leading up to the meeting that you might find helpful. You can find those below.

We may not cover everything in the Meeting Agenda document and with Christmas around the corner I know it can sometimes be difficult to keep the momentum going as everything else seems to be slowing down. With that in mind, my goal for our upcoming meeting is simply to do introductions, discuss where we are in South-Western City related to LifeWise and cover any potential action items.

Resources:

- [Steering Committee Meeting Preparation](#)
- [Meeting Agenda](#)

After looking over these documents please let me know if you have any questions.

Sincerely,

Colin Heasley

Launch Coach

Subject: LifeWise Academy Community Update for South-Western City School District
To:

Hello, everyone!

Thank you for voicing your support to see a LifeWise Academy offered for students in South-Western City Schools. We are excited to share with you an update on our progress toward launching a LifeWise Program and how you can help.

As LifeWise Programs have been popping up in and around the Columbus area, interest in our community started to grow nearly a year ago. As more people became aware of the opportunity to offer Bible education DURING school hours, a local community interest meeting was held where people were invited to learn more about LifeWise. From that meeting we were able to raise an initial launch fee and form a local Steering Committee, two steps within the LifeWise Launch Process.

The Steering Committee has been working alongside a LifeWise representative to discuss logistical details on how a program operates and what it could look like in our school district. One of our next steps includes approaching school officials and coordinating on the adoption of a Released Time Religious Instruction policy. This policy lays out the legal guidelines for how a program like LifeWise can operate. Released time programs must meet three main criteria: **1-be held off school property, 2-be entirely privately funded (no state funding) and 3-parents must permit their student to participate.**

As we continue moving forward we would like to invite you to voice your support for a LifeWise program in our community. We are so thankful for all that our school administrators do for our schools, and we want to show them that the opportunity of a released time program like LifeWise would positively impact the students, teachers and community of South-Western City Schools.

Additionally, here are a few ways you can get involved right now:

1. **Pray for our program!** You can pray for the leadership, the planning, coordination with the school and the hearts of students in our community.
2. **SHARE, SHARE, SHARE!** This is our number one focus right now. Continue sharing with those you know who work, worship or live in the South-Western City School District area and who may be interested in supporting a program like LifeWise. Please share and ask them to sign the Community Interest List. The growth of this interest list will boost and revitalize our mission to get LifeWise into our community schools!
 - You can email or text them this link: <https://www.lifewise.org/district/3904480/south-western-city>
 - Here is a sample script to include with the link:
 - *"Believe it or not, we can provide a Bible education class for our public school students during the school day! Please take a moment to sign our "Interest List" saying, "Yes, I'd like to see a program started in my area!"*
 - You can also share the following link to a short overview video of what LifeWise is all about: <https://youtu.be/wVN0Ff3c-AQ>

Thank you again for all of your support and prayers throughout this process. We look forward to keeping everyone updated as progress unfolds.

Sincerely,

LifeWise Steering Committee,
Brian Weaver, Christine Moore, Courtney Allton, Shannon Kerr, Jamie Mueller, Mary Norris, Heather Fleck

That's up to each school. I think it is more elementary based since MS and HS can have FCA at their schools.

On Fri, Feb 3, 2023 at 11 23 AM James Vandyne jhv0602@swcsd.us> wrote:

Much needed! I truly believe it would help
Our climate a lot.
Can we talk about it with students and parents? Promote it?
We have flyers up all around for clubs that may be questionable by different groups, this shouldn't be any different.
Thanks for the intel!

Subject: LifeWise Academy Community Update for South-Western City School District
To:

LIFEWISE ACADEMY

Hello, everyone!

Thank you for voicing your support to see a LifeWise Academy offered for students in South Western City Schools. We are excited to share with you an update on our progress toward launching a LifeWise Program and how you can help.

As LifeWise Programs have been popping up in and around the Columbus area, interest in our community started to grow nearly a year ago. As more people became aware of the opportunity to offer Bible education DURING school hours, a local community interest meeting was held where people were invited to learn more about LifeWise. From that meeting we were able to raise an initial launch fee and form a local Steering Committee, two steps within the LifeWise Launch Process.

The Steering Committee has been working alongside a LifeWise representative to discuss logistical details on how a program operates and what it could look like in our school district. One of our next steps includes approaching school officials and coordinating on the adoption of a Released Time Religious Instruction policy. This policy lays out the legal guidelines for how a program like LifeWise can operate. Released time programs must meet three main criteria: **1-be held off school property, 2-be entirely privately funded (no state funding) and 3-parents must permit their student to participate.**

As we continue moving forward we would like to invite you to voice your support for a LifeWise program in our community. We are so thankful for all that our school administrators do for our schools, and we want to show them that the opportunity of a released time program like LifeWise would positively impact the students, teachers and community of South Western City Schools.

Additionally, here are a few ways you can get involved right now:

1. **Pray for our program!** You can pray for the leadership, the planning, coordination with the school and the hearts of students in our community.
2. **SHARE, SHARE, SHARE!** This is our number one focus right now. Continue sharing with those you know who work, worship or live in the South-Western City School District area and who may be interested in supporting a program like LifeWise. Please share and ask them to sign the Community Interest List. The growth of this interest list will boost and revitalize our mission to get LifeWise into our community schools!
 - You can email or text them this link: <https://www.lifewise.org/district/3904480/south-western-city>.
 - Here is a sample script to include with the link:
 - *"Believe it or not, we can provide a Bible education class for our public school students during the school day! Please take a moment to sign our "Interest List" saying, "Yes, I'd like to see a program started in my area!"*
 - You can also share the following link to a short overview video of what LifeWise is all about: <https://youtu.be/wVN0Ff3c-AQ>

Thank you again for all of your support and prayers throughout this process. We look forward to keeping everyone updated as progress unfolds.

Sincerely,

LifeWise Steering Committee,
Brian Weaver, Christine Moore, Courtney Allton, Shannon Kerr, Jamie Mueller, Mary Norris, Heather Fleck

Subject: Lifewise SWCS - Amazing Grace Grove City

Amazing Grace Church:

Thanks for inviting Chris and Weaver to Amazing Grace to bring awareness of free Bible Education classes opportunities in SWCS along with the Back to School event last month.

4/11/24, 8 04 AM

With your help and partnership Lifewise was able to gather 120+ signatures to obtain our goal of 500 signatures to present to SWCS School Board for approval of Release Time Policy to allow free Bible Education classes during school hours.

Attached is SWCS flyers requested in PDF format and picture of presentation if need for Church newsletter.

We will be in the Arts and Alley Parade in Grove City next Saturday on 9-16-2023 at 9am.

If anyone wants volunteer and walk in parade and hand out Lifewise flyers with the red Lifewise bus let me know.

Have a blessed week and looking forward meeting again soon to make Bible education in public schools a reality.

makeCHRISTgreat.com Team

Your local town is a mission field in desperate need of the Gospel.

Work to be an instrument in the hand of the Lord to help revive and reform your town.

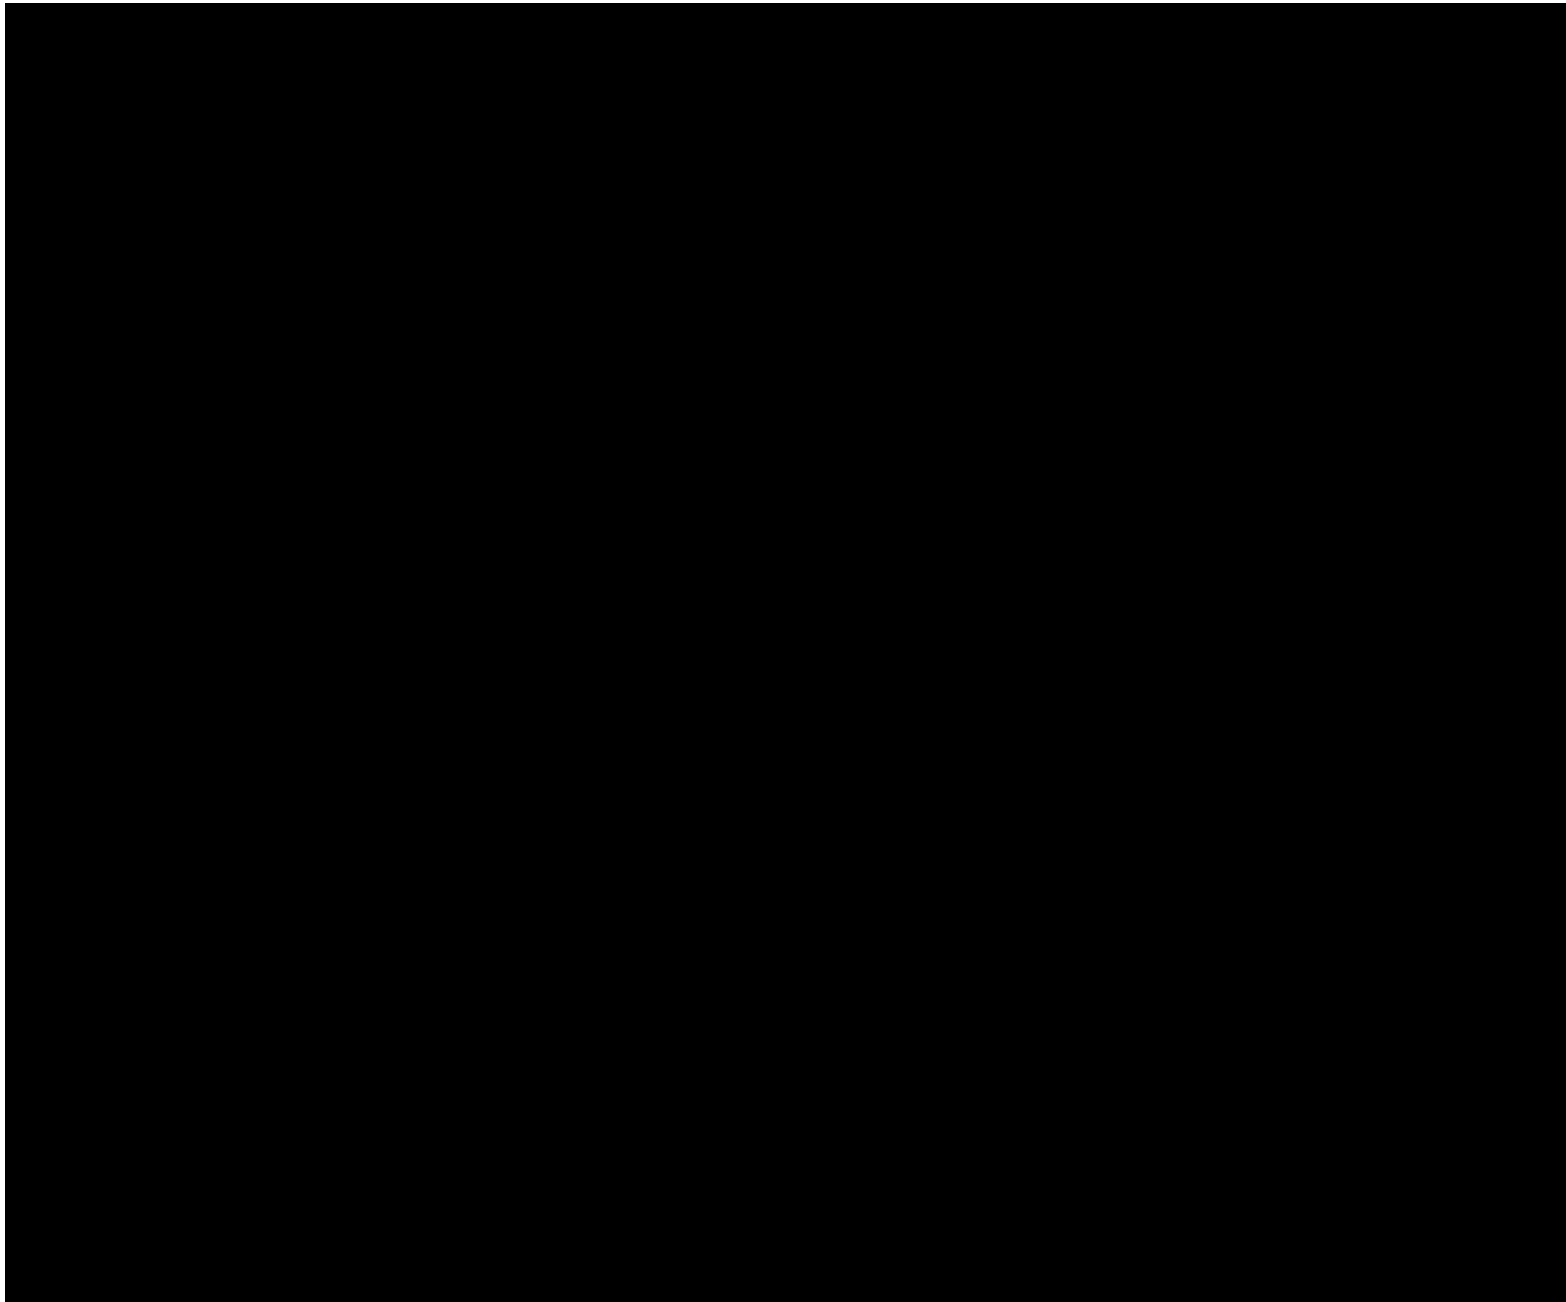

The county follows.

Then the state.

Then the nation.

Then the world.

The ends of the earth WILL turn to the Lord

Hi Glen,

I have a new PRR paired down to the following items that are not overly broad if you can assist.

1. Emails between Omar Tarazi and Chris Boso from 8/15/2024-November 14, 2024 (I am not sure they exist).
2. Emails between Omar Tarazi AND Denise D'Angelo Steele OR Julie Liskany OR Kelli Martindale, OR Camille Peterson between January 1, 2024 and January 8, 2024 (I am not sure they exist).
3. Emails TO or FROM Chris Boso AND Denise D'Angelo Steele OR Julie Liskany OR Kelli Martindale, OR Camille Peterson from January 1, 2024 to March 5, 2024.
4. Emails to any board member referencing "LifeWise", OR "release time", OR "religious instruction release time", OR "religious release time", OR "bible", OR "religious instruction" between December 12, 2023 and March 5, 2024.

As always, if you can save eventual PDF's as Request No. 1...Request No. 2...etc that would be great!

SUBJECT: Re: very specific public records request

FROM: Evan Debo <emd1224@swcsd.us>

TO: Chandra Fredrick <chandrafredrick@gmail.com>

DATE: 03/18/2024 12:47

ATTACHMENTS (20240318-124710-0000010): [2024-03-18_PRR_BOE_Request_4.pdf](#), [2024-03-05_PRR_BOE_Request_3.pdf](#), [March_1_Tarazi_Invoice_Redacted.pdf](#)

Hi Chandra,

You have coincidental timing today as I have been working through other requests and have finalized my assessment of your recent requests today. That will answer No. 2 in today's email. As for No. 1 in today's email, much of that falls under attorney-client privilege; however, last Monday's board meeting is on YouTube ([link](#)) where the board discussed search firms under Other Items for Discussion around the 1hr:15min mark in open session.

- Additionally, in terms of a special meeting date selection, that date was decided at the board visioning session in front of the public on Feb. 21 for March 20 to address other policy items brought up at that time (you can find records of that discussion since it was not filmed [in the minutes online that were approved last Monday](#)). While Dr. Wise only made his retirement known to administration last Monday, I would assume a search firm's inclusion was added to the March 20 planned date instead of having two special meetings when they could combine the two, but that is just my assessment.

As for your original requests from recent weeks, again, thank you for your patience as I worked to review and procure records.

*Once more (of note), a number of the end dates in your request ask for correspondence between board members and their attorney after the establishment of attorney-client privilege by board action on January 22. As such, all end dates asking for those types of communication have only been evaluated through January 22 in accordance with Ohio Revised Code 149.43(A)(1)(v); Ohio Revised Code 2317.02; State ex rel Thomas v. Ohio State Univ., 71 Ohio St. 3d 245 (1994).

As for your request for:

1. Any/all communications (texts, emails, messages via Facebook, Instagram, What's App, Signal, or any other method of recorded communication), from any held account, between Mr. Tarazi and Mr. Boso from 08/15/23-3/5/24.

- From a previous request from January 2024, elements of this request has already been addressed where you asked for all correspondence between Mr. Tarazi and Mr. Boso referencing any and all "emails and/or text messages" between August 15, 2023 and January 22, 2024 prior to the establishment of attorney-client privilege on January 22, 2024.
- With respect to this request, January 22, 2024 remains the end date we can search for from emails as, once again, board action on that date established attorney client privilege to present. After my review of records, there are no emails the district is in possession of between the two parties from August 15, 2023-January 22, 2024.
- In this request for any and all communication to now include (messages via Facebook, Instagram, What's App, Signal, or any other method of recorded communication) between August 15, 2023-January 22, 2024 (again not March 5, 2024), I have asked Mr. Boso if he is in possession of any records that meet that criteria and he has communicated he is not in possession of such records.

2. Any/all communications (texts, emails, messages via Facebook, Instagram, What's App, Signal, or any other method of communication), from both personal or professional accounts, between Mr. Tarazi and Ms. D'Angelo Steele, Ms. Liskany, Ms. Martindale, AND/OR Ms. Peterson (either one-on-one or group communication) from the dates of 1/1/24-3/5/24.

- From a previous request from January 2024, elements of this request were already addressed as it pertains to emails and text messages between January 8, 2024 and January 22, 2024 prior to the establishment of attorney-client privilege on January 22, 2024 regarding your specific request for "any emails, texts." In a search for district maintained emails between January 1 and January 8, there are no emails the district is in possession of I can confirm.
- In this request for any and all communication to now include (messages via Facebook, Instagram, What's App, Signal, or any other method of recorded communication) between Mr. Tarazi and Ms. D'Angelo, Ms. Liskany, Ms. Martindale, AND/OR Ms. Peterson between January 1, 2024 and January 8, 2024 for personally maintained mails or texts OR social media between January 1, 2024 and January 8, 2024 as it relates to official business of the public office and they have communicated they are not in possession of such records

3 Any and all communications (texts, emails, messages via Facebook, Instagram, What's App, Signal, or any other method of messaging communication) between ANY TWO or more current school board members from the dates of 1/1/24 to 3/5/24. To be clear, I would like ALL text/email/messaging via app or social media communications -- either group or one-on-one -- between Mr. Boso and Ms. Martindale, Ms. D'Angelo, Ms. Liskany, and/or Ms. Peterson; between Ms. Martindale and Mr. Boso, Ms. D'Angelo, Ms. Liskany, and/or Ms. Peterson; between Ms. D'Angelo to Mr. Boso, Ms. Martindale, Ms. Liskany, and/or Ms. Peterson; between Ms. Liskany to Mr. Boso, Ms. Martindale, Ms. D'Angelo, and/or Ms. Peterson.

- As for this item, I am able to fulfill certain elements of this request as records maintained by the district (emails between board members) on school issued accounts between 1/1/2024 and 3/5/2024 as it pertains to school district business or functions of the public office Please see the attachment
- Additionally, I have asked each board member for any further communication (via personally maintained te t, app, or social media) that they may be in possession of as it pertains to school district business or functions of the public office and and they have communicated they are not in possession of such records

4. Any and all communications (texts, emails, messages via Facebook, Instagram, What's App, Signal, or any other method of communication) to any school board member or district administrator with the following terms: LifeWise, release time, RIRT, religious release time, bible, religious instruction -- from 1/1/21-3/5/24.

- As for this item, I am able to fulfill certain elements of this request Back in December 2023, a previous request I fulfilled unto you asked for "Any and all communications from anyone representing Lifewise " At that time, those records reflected all emails up through December 12, 2023
- As for this request, please see the attached for any emails referencing LifeWise, release time, religious instruction release time RIRT, religious release time, bible, or religious instruction" between December 12 and March 5, 2024
- Additionally, I have asked each board member for any further communication (via app or social media) that they may be in possession of as it pertains to school district business or functions of the public office and they have communicated they are not in possession of such records
- As for records referencing LifeWise, release time, religious instruction release time RIRT, religious release time, bible, religious instruction from 1/1/21 3/5/24 for "district administrators," while board members (5 people) is narrow enough of a search to pursue, given the scale of our organization (over 100 members), this element of the request constitutes an "overly broad and ambiguous request" as outlined in Ohio Revised Code 149.43 (B)(2); State e rel Glasgow v Jones (2008) and is regrettably denied
 - Please see the attached for board member communication that I am able to process from this request

5. Any invoices or billing from Omar Tarazi for legal services rendered. Please consider this an ongoing request.

Please see the attached You will notice that the narrative portion (reasoning) has been removed for billing under attorney client privilege which is protected under State e rel Ames v Baker, Dublikar, Beck, Wiley & Mathews, 2023 Ohio 263; State e rel Anderson v Vermilion, 134 Ohio St 3d 120, 2012 Ohio 5320 The dates, times, and costs are public records and will remain in the document I have attached

Sincerely,

Evan M. Debo

On Mon, Mar 18, 2024 at 11:39 AM Chandra Fredrick <chandrafredrick@gmail.com> wrote:

Hi Evan-

I wonder if you could try to expedite this very small records request:

1. Any/all communications between Omar Tarazi and any school board member and any responses regarding recommendations for "Search Firms" as discussed in the agenda for the Special Board Meeting scheduled for 3/20/24, or regarding the need for or scheduling of said Special Board meeting on 3/20/24.

2. Additionally, I want to renew my request for any billing records, invoices, or payments made to Omar Tarazi for his services. I have not received anything as of today.

Thank you very much.

Chandra Fredrick
